HAIR

Valten is a rugged, imposing figure, often mistaken for a brute due to his heavy brow and weather-beaten skin. He wears heavy Splint armor draped in the thick furs and pelts of the Voltin indigenous tribes. His movements are deliberate and heavy, mimicking the Goliaths he was raised alongside. He carries a Warhammer that looks like a tool of survival rather than a soldier's weapon

CHARACTER APPEARANCE

The Himberwear Council: The elders of his home village who entrusted him with his mission.

Ancestral Giants of Voltin: He is one of the few humans they view as a 'kin-friend' and will grant him safe passage.

NAME

SYMBOL

ALLIES & ORGANIZATIONS

Born in the secluded town of Himberwear on the frozen island of Voltin, Valten was raised in a community where Goliaths and Humans live in simple harmony. As is the custom once every generation, Valten was chosen to leave his village and spend five years living among the Ancestral Giants in the northern hills.

He endured the harshest elements to learn their customs and the secrets of 'Giant Speak'—interpreting the vibrations of the earth. He returned not as a warrior, but as a protector and healer, blending the divine magic of the Life domain with the survivalist wisdom of the north.
